Effective visual communication

Patterns & Antipatterns

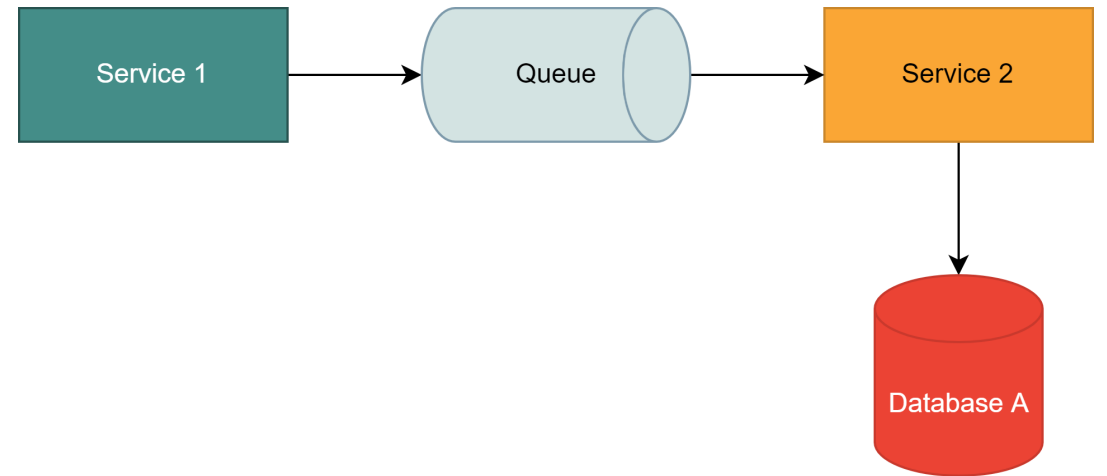

**Avoid diagram pitfalls and
deliver impact**

Style Communicates

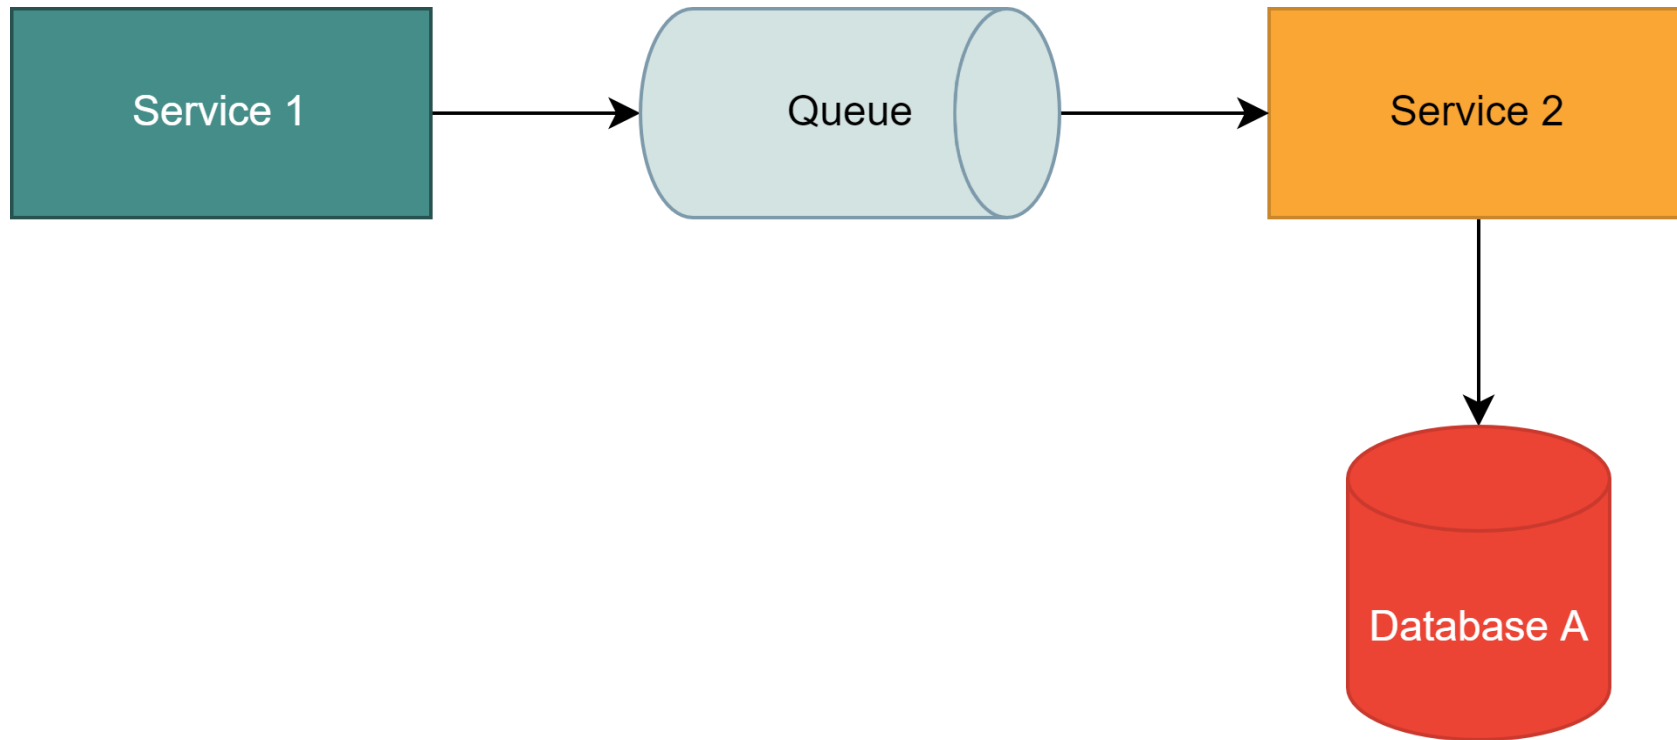

1

2

**Use style to visually
communicate to your audience**

Style Communicates

Style Communicates

Pattern

Meta Style

AKA: using style to communicate

Use style to your advantage

Avoid miscommunication

Which style is correct?

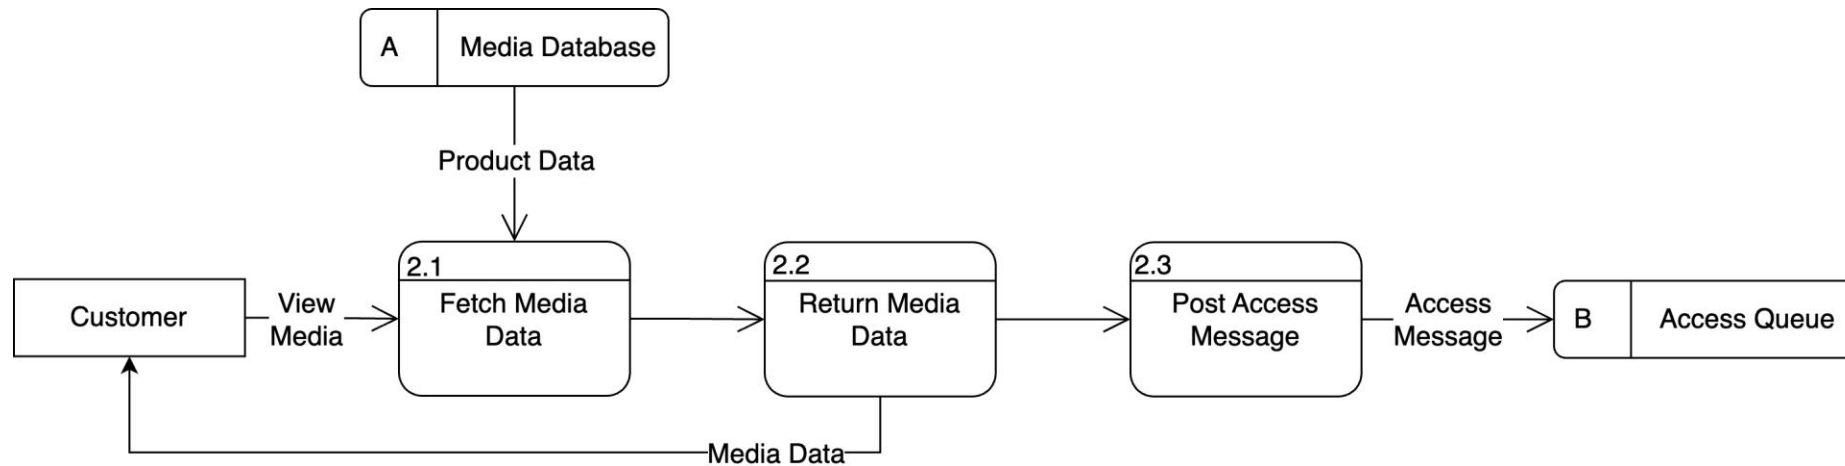

1

Polyglot Media

Data Flow Diagram: media search, view and access analytics - 2. Fetch Media

2

Polyglot Media

Data Flow Diagram: media search, view and access analytics - 2. Fetch Media

Pattern

Face in the Crowd

AKA: know your audience

**Different audiences need
different levels of detail and
different types of diagram**

Who is your
diagram for?

Think about these

**What is their technical
understanding?**

Think about these

What is their technical understanding?

What level of detail do they need?

Think about these

What is their technical understanding?

What level of detail do they need?

What do they want from you?

Think about these

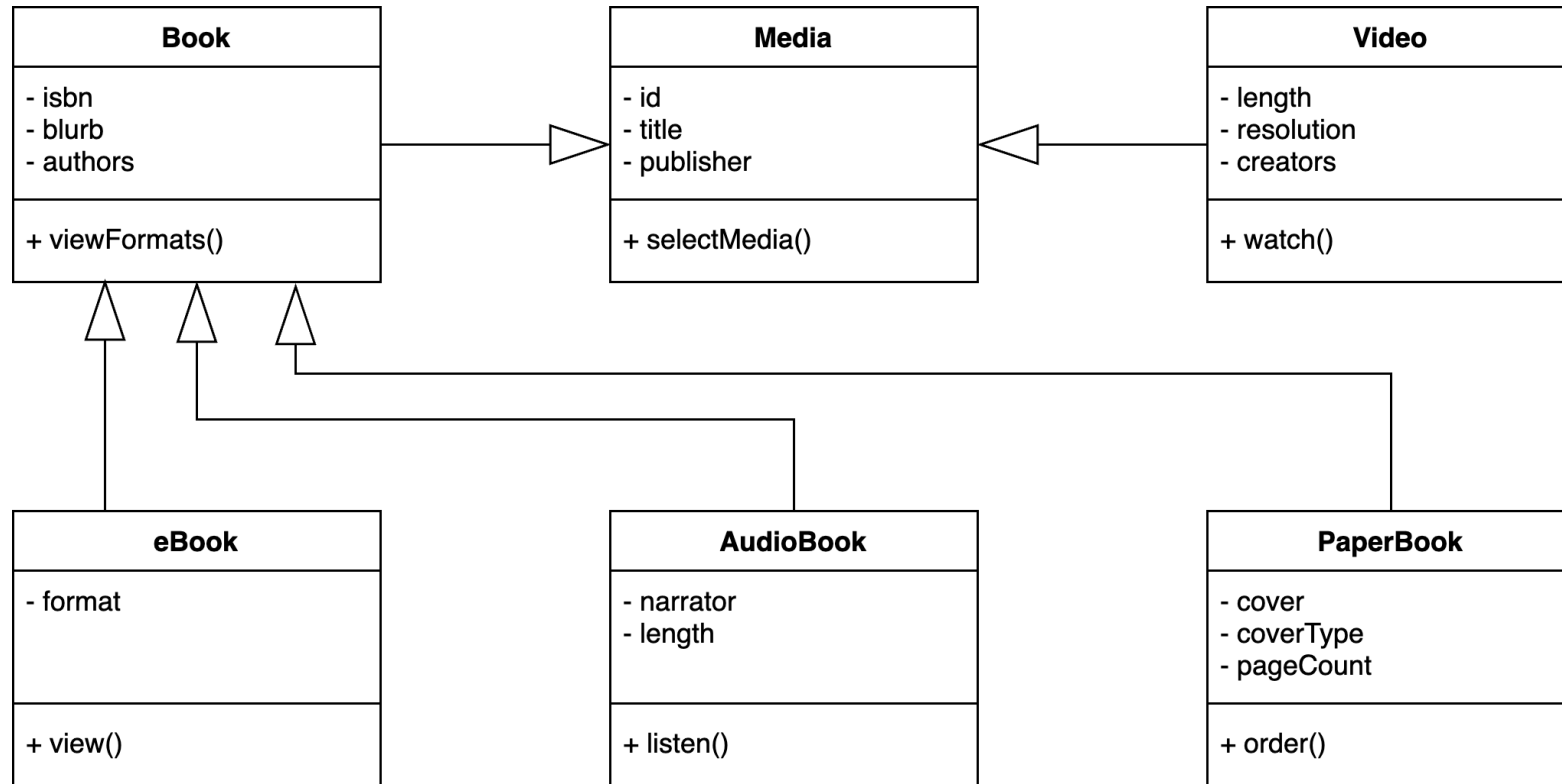

What is their technical understanding?

What level of detail do they need?

What do they want from you?

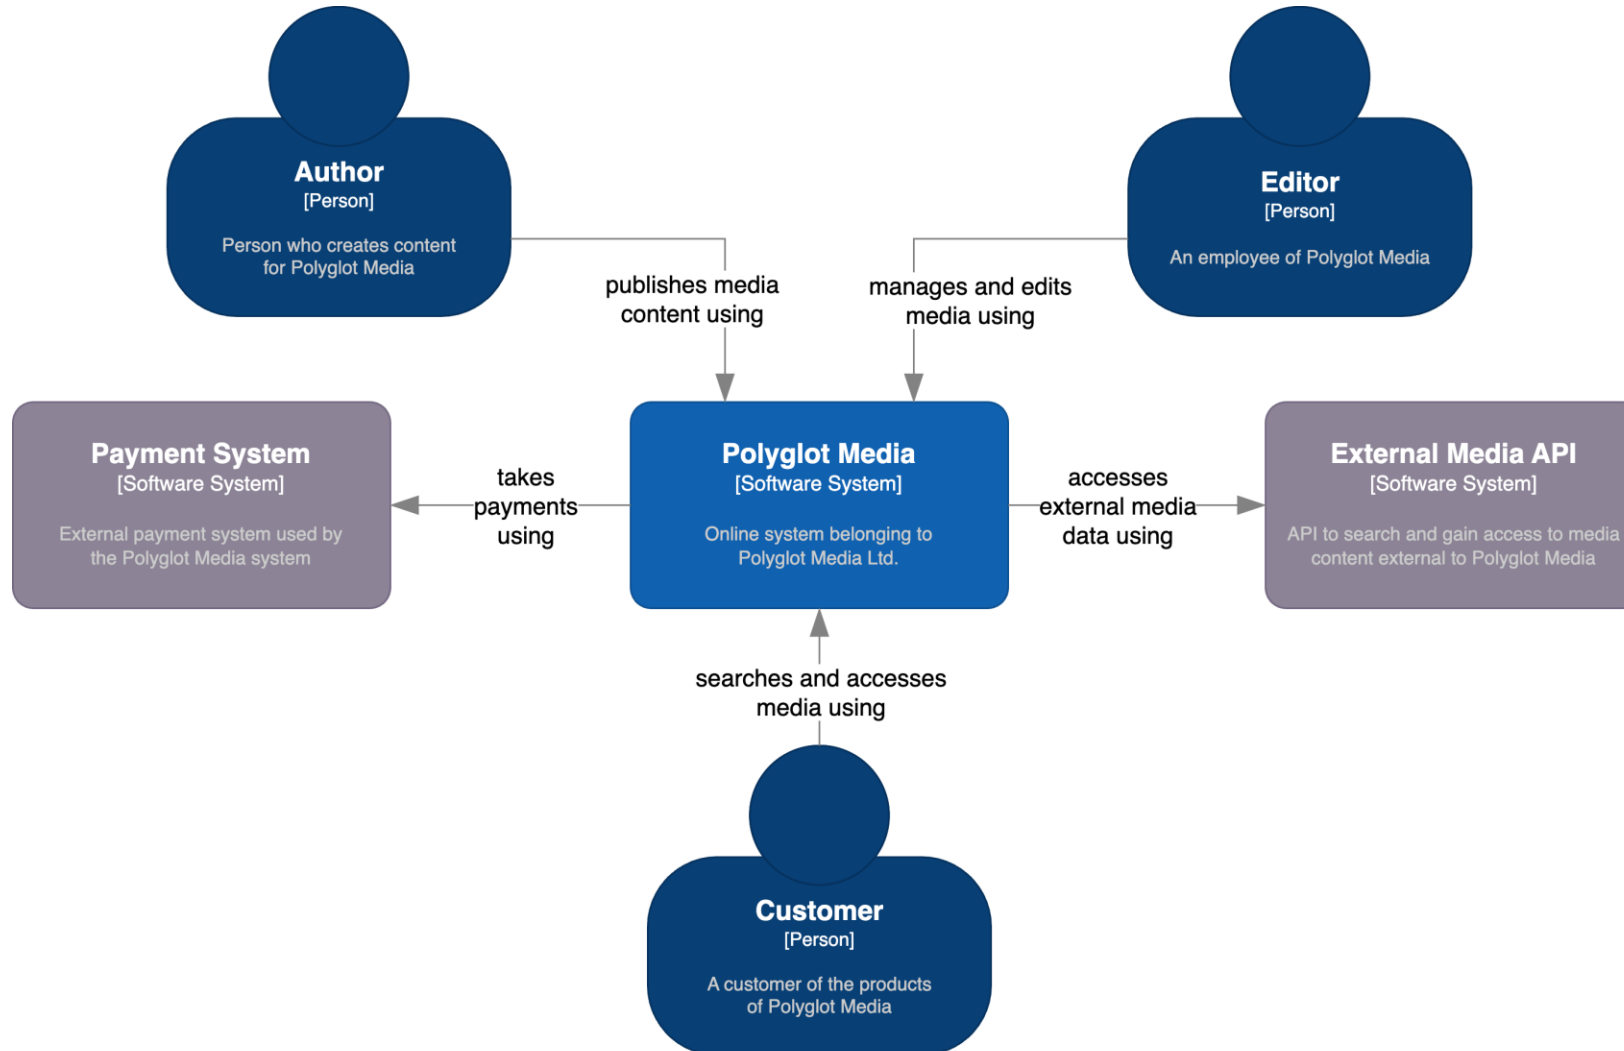

What do you want from them?

Who is this for?

Media
Class Diagram

Who is this for?

System Context Diagram for Polyglot Media

Showing the high-level interactions with the Polyglot Media system.

Antipattern

Multi-Storey Diagram

AKA: mixing levels of abstraction

A 'Sin' in Coding

Container Diagram

Container Diagram for Customers using Polyglot Media
Showing the high-level interactions within the Polyglot Media system.

**Mixing levels of abstraction
causes confusion**

Antipattern

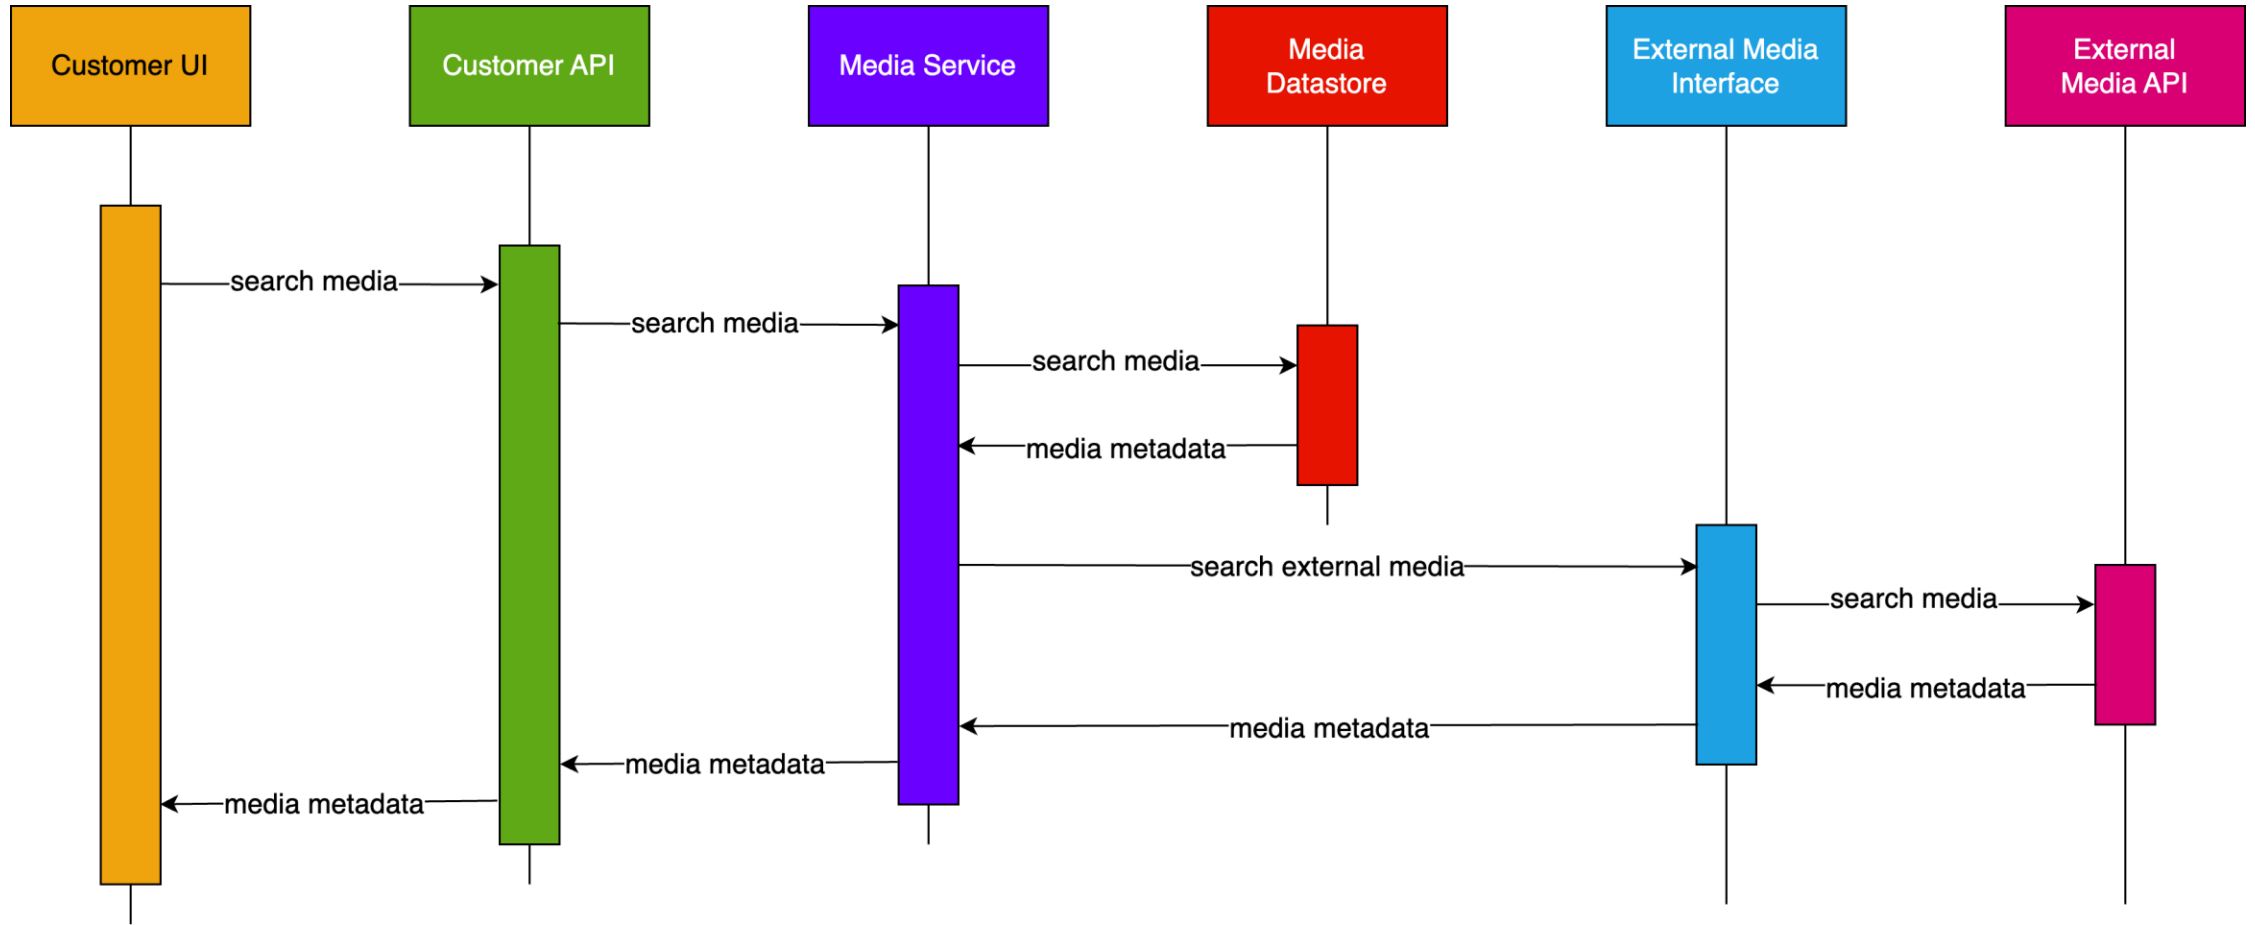

Explosion of Unicorns

AKA: Too many colours

Rainbow Flow

Polyglot Media

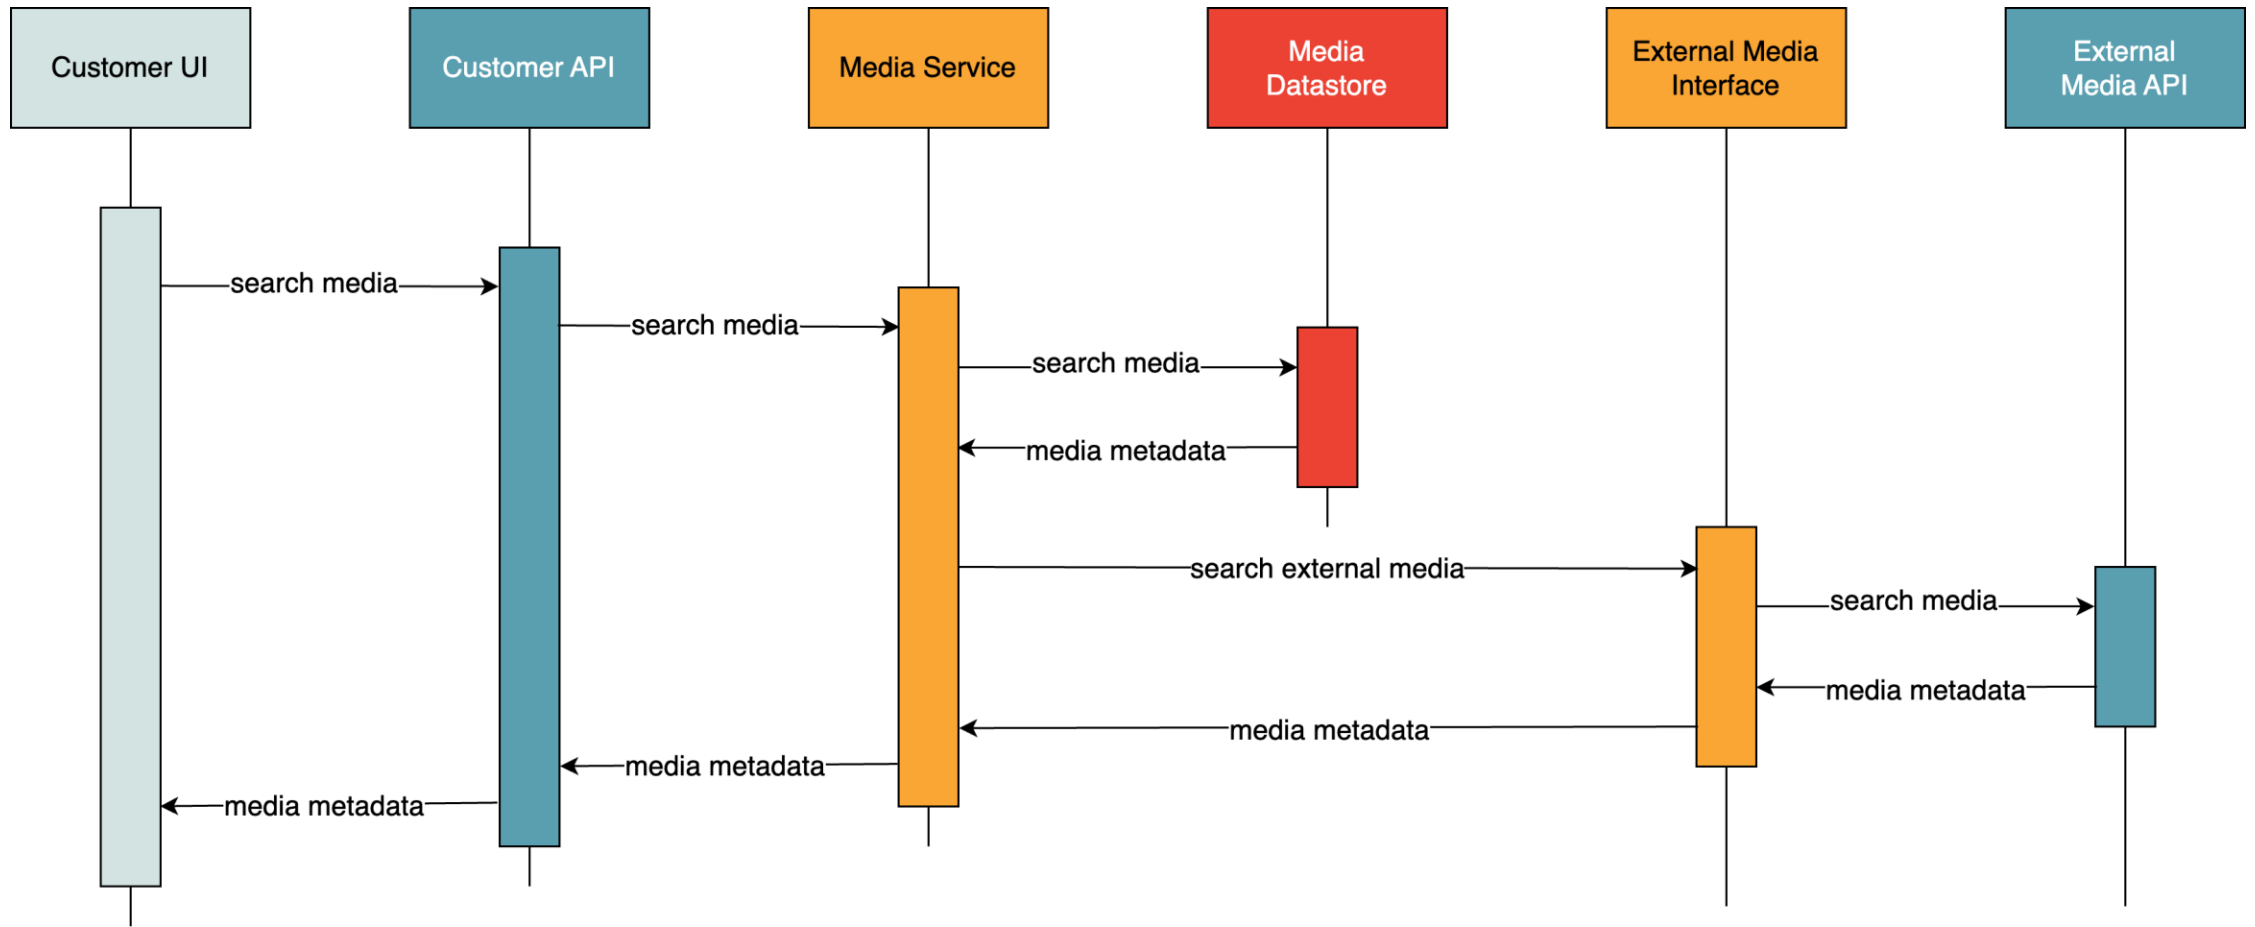

Media search process, internal and external media

<https://tenor.com/view/rainbow-unicorn-rainbow-unicorn-gif-12940218>

Minimise your colour palette

Group by type or function

Polyglot Media
Media search process, internal and external media

Key: User Interface Application Programming Interface Service/Interface Datastore

**Use colour to aid
communication**

Antipattern

Colour is Key

AKA: relying on colour to communicate

Can you pass me the yellow one?

a

b

c

d

Simulated Protanopia

Can you pass me the yellow one?

e

f

g

h

Simulated Tritanopia

Can you pass me the yellow one?

Protanopia

Standard

Tritanopia

Protanomaly

Deuteranomaly

Tritanomaly

Protanopia

Deuteranopia

Tritanopia

Achromatopsia

**Approximately 4.5% of the
world's population is colour
vision deficient**

**1 in 12 men &
1 in 200 women
are colour blind**

**More than 350 million people
worldwide**

- Normal
- Protanopia
- Protanomaly
- Deuteranopia
- Deuteranomaly
- Tritanopia
- Tritanomaly
- Achromatopsia
- Achromatomaly
- Low-Contrast

A palette I created

A pallet I created

An accessible palette I created

Use a colour-blind simulator

Colour is key?

What about greyscale?

Use pattern

Use symbols

Don't rely on colour alone

Antipattern

MLAH

AKA: Multiple-Letter Acronym Hell

Only use defined acronyms

Do

**In speech, say the acronym,
and say the definition straight afterwards**

Do

In speech, say the acronym,
and say the definition straight afterwards

**In written form, define the acronym the first time you
write it, and/or in a key or glossary**

A few acronyms you may know...

or not

DRY:

A few acronyms you may know...

or not

DRY:

Don't Repeat Yourself

DFD:

A few acronyms you may know...

Be Like That!

**Acronyms can mean different
things to different people**

**It's easy to fall into thinking
that others have the same
understanding as you**

Next time you use an acronym...

think
SIDI

Next time you use an acronym...

think

SIDI

State It

Define It

Pattern

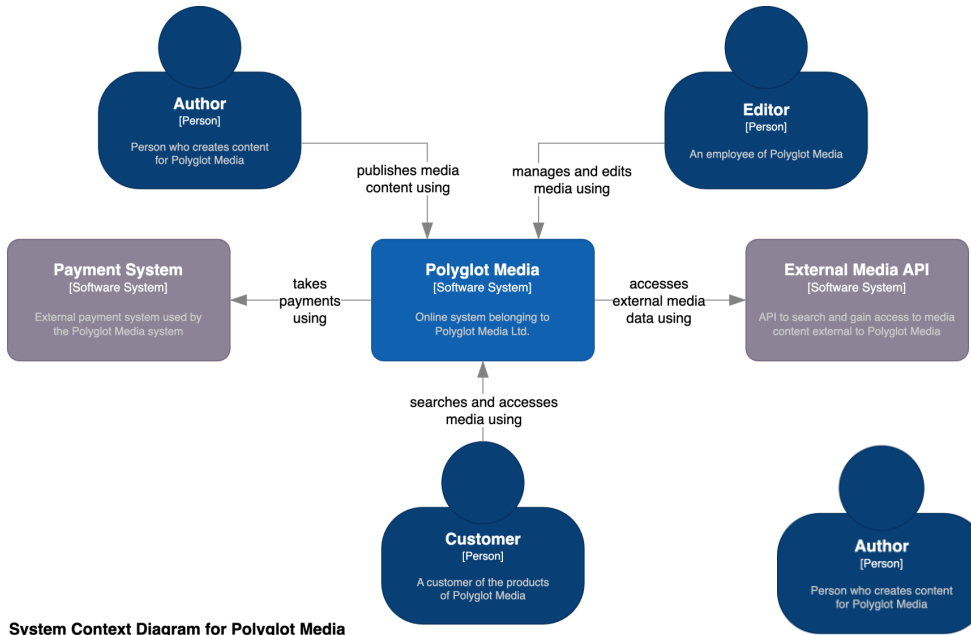

Connect the Dots

AKA: Representational Consistency
– connecting levels of abstraction

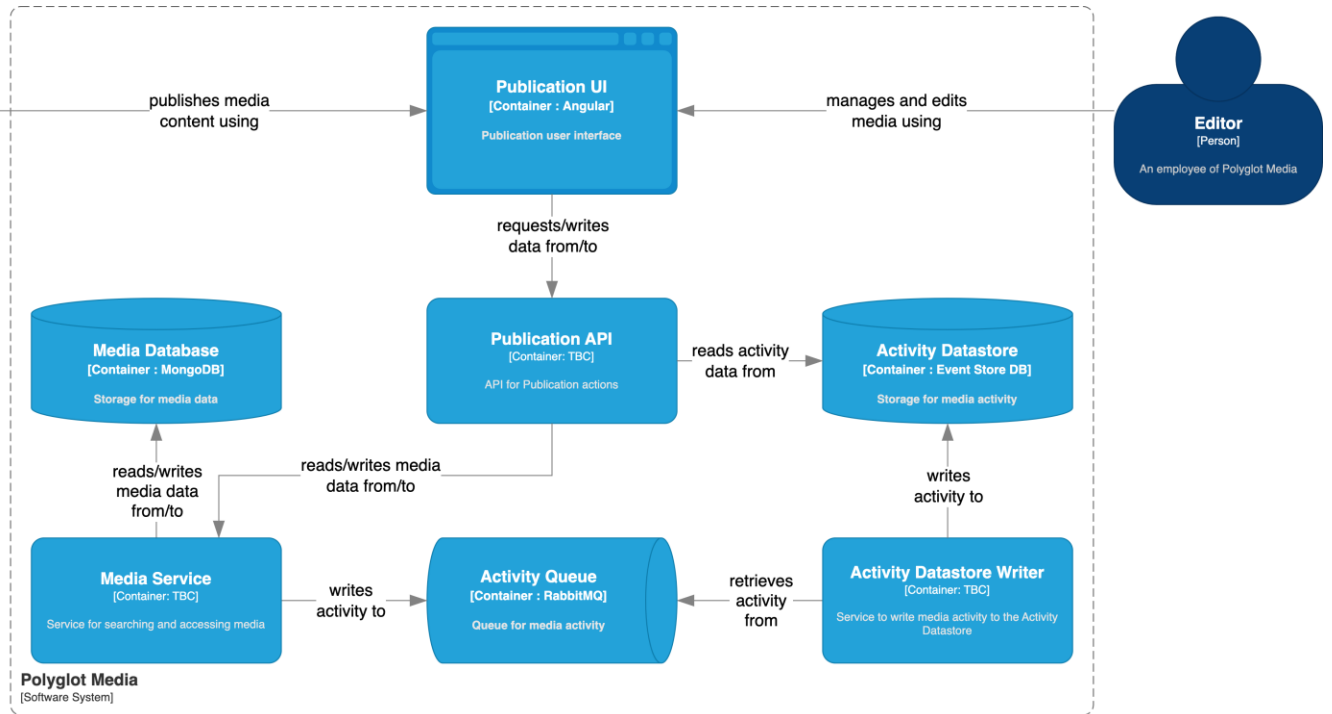

**Navigating between levels of
abstraction must be easy**
